

Experienced Leadership

Emeka is the Founder/ CEO of CG Hover. Early in his career he worked with two leading Investment Banks. In numerous Principal Investment roles he has delivered meaningful value for ultra-high net worth individuals/families, investors, founders, and entrepreneurs across a wide range of Private Equity situations, specializing in fiduciary oversight and monitoring of financial health of businesses.

His mission is to empower businesses by providing comprehensive financial solutions drawing from experience which spans every stage of the investment and deal cycle, from business concept, strategic planning, and team building, through capital structure and capital raising to operations, governance, and oversight.
